

BAGNI MISTERIOSI BATHING ESTABLISHMENT REGULATION CODE 2020

The regulation, posted inside the sports facility, governs its use. It is considered known and accepted in an unconditional way in all its parts by all the users in possession of a title proving the right of access.

The entrance ticket is a fiscal receipt and it is not transferable. It expires upon leaving the site. Individuals must show staff members their ticket at the entrance and/or when they are required. If you cannot provide evidence of your ticket, you will have to pay for another one. You are not allowed to go out and re-enter the site with the same ticket. Season tickets and/or carnets are multiple, personal, non-transferable admission tickets, under penalty of their validity.

If asked by the Staff, you must provide evidence of your subscription and leave it at the main reception.

During the opening hours to the public, minors under the age of 16 will be allowed to enter the swimming pool only if they are accompanied by a parent or another adult over 18 who becomes his/her custodian. They can be asked their Identity Card.

The Management, in its total discretion, in case of circumstances beyond its control and/or bad weather, reserves the right to:

- Close the ticket office and deny entrance to the pool to any individual;
- Close the site in exceptional circumstances. All users might be required to leave the site, if necessary;
- Proceed in exceptional circumstances to close the pool, even temporarily, or temporarily or partially suspend bathing.

In these cases, tickets cannot be refunded.

The Management is assisted by the security Staff for its sports facility.

- People who do not comply with current regulations to counter and contain the spread of the Covid-19 virus;
- People affected by contagious illnesses, lesions or open wounds. The Direction is authorized to ask for the medical certificate that attests the fitness for the entry in swimming pool.

Tickets cannot be refunded to those who have been asked to leave the site for the reasons mentioned above.
